## EXPERIENCE

---

**Frontend Developer Intern** Jan 2025 - Jan 2025  
Codex

- Developed dynamic, responsive web pages using HTML, CSS, JavaScript, and React.js, ensuring seamless cross-device compatibility.

## PROJECTS

---

**TODO Application.** Developed a dynamic task management application using HTML, CSS, Express.js and JavaScript with MongoDB for persistent data management. The application allows users to add, delete, and mark tasks as completed, ensuring an efficient and user-friendly experience.[\(Try it here\)](#)

**Social-Network.** Developed a full-stack social media platform enabling users to create accounts, edit details. Integrated authentication, database storage, and a real-time feed using the MERN stack, ensuring smooth user interaction and scalability.[\(Try it here\)](#)

## EXTRA-CURRICULAR ACTIVITIES

---

- Participated in **PU Hackathon 2.0** (Jan 2025), contributing to the development of an innovative full-stack web solution.
- Completed a **Frontend Internship at Codex**, gaining hands-on experience in modern web development.
- Passionate about **stock market investing and financial planning**, analyzing trends and exploring investment opportunities.
