PROFILE SUMMARY

Targeting Full stack Developer roles with an organization of high repute with a scope of improving knowledge and further career growth.

- Proficient in **Data Analytics** and **Full-Stack Web Development**.
- Skilled in **Database Management Systems (DBMS)** and **Operating Systems (OS)**.
- Familiar with **Enterprise Resource Planning (ERP)** concepts.
- Understanding in **Data Structures and Algorithms (DSA)**.
- Hands-on experience with **MERN stack** for building responsive web applications.
- Enthusiastic learner, keen on adopting emerging technologies and trends in IT.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, JavaScript
- **Frameworks:** Flask, Django,
- **WEB Technologies:** HTML, CSS, JavaScript
- **Databases:** SQL, NoSQL, MongoDB
- **Cloud Technologies:** Azure (familiar)

PROJECT

☐ TODO

Technologies: HTML, CSS, JavaScript, Local Storage

- Developed a dynamic and user-friendly web application for managing daily tasks.
- Implemented core features like task addition, deletion, and marking tasks as completed.
- Styled the application using responsive CSS for an intuitive and visually appealing interface.
- Integrated Local Storage to provide persistence, ensuring tasks remain saved across browser sessions.
- Enhanced user experience with input validation and real-time updates.

☐ Online Fashion Application

Technologies: HTML, CSS, JS

- Developed a basic online fashion application to showcase and manage fashion products. The application includes essential features such as product listing, user authentication, and a shopping cart.

Full-Stack Web Application with AI Integration (*In Progress*):

- **Technologies:** MERN Stack, AI/ML Technologies
- **Description:**
Developing a web application that leverages AI to analyse user inputs, provide personalized recommendations, and automate specific functionalities. The project focuses on enhancing user experience with intelligent features.

EDUCATION

□ **Parul University** - Vadodara, Gujarat

12/2024 - Current Pursuing

B.Tech in CSE - AI with CGPA: 7.48

CIRTIIFICATIONS

- Ethical Hacking – CYFOEDU.
- UI Design – Coursera.

ADDITIONAL SKILLS

- GIT, GITHUB , Web Development, API Development

HOBBIES

- Exploring Stock market, financial planning and investment
- Exploring emerging technologies and trends in IT and software development.
- Participating in Leetcode challenges
- Designing and developing innovative web applications with practical applications.
